

FACTS ON UNITED STATES MILITARY SEXUAL VIOLENCE

Statistics from the 2016 – 2019 DoD SAPRO Reports and their appendices/annexes, unless otherwise noted.
<https://www.sapr.mil/reports>
Updated July 2019

Sexual Violence Remains Pervasive

- **20,500** members (13,000 women and 7,500 men) were sexually assaulted in 2018. Rates of penetrative assault increased from 2016.
- Of **women** who reported a penetrative sexual assault, **59%** were assaulted by someone with a **higher rank than them**, and **24%** were assaulted by someone in their **chain of command**.

Vast Majority of Cases Go Un-Reported

- **76.1%** of victims did **not** report the crime in 2018.

Retaliation Is the Norm

- **64% of women** who reported a sexual assault face retaliation.
- **66%** of retaliation reports alleged that retaliators were in the reporter's chain of command.
- A **third** of victims are discharged after reporting, typically **within 7 months** of making a report.ⁱ
- Victims received **harsher discharges**, with 24% separated under less than fully honorable conditions, compared to 15% of all service members.ⁱⁱ

Low Trust and Satisfaction in System

- Over **1 in 4** victims who did not report feared retaliation from their command or coworkers.
- Nearly **1 in 3** victims who did not report feared the process would be unfair or nothing would be done.
- **Less than half of female survivors felt well supported by their chain of command.**

Conviction and Prosecution Rates

- Despite a **22% increase** in unrestricted sexual assault reports since 2015, **convictions** have plummeted by almost **60%** in the same timeframe.
- In FY 2018, of the **5,805 unrestricted reports** of sexual assault, 307 (**5.3%**) cases were tried by court martial, and 108 (**1.9%**) offenders were **convicted of a nonconsensual sex offense**.

High Demand for VA Care

- **1,307,781** outpatient visits took place at the VA for Military Sexual Trauma (MST)-related care in 2015.ⁱⁱⁱ
- Approximately **38% of female** and **4% of male** military personnel and veterans have experienced MST.^{iv}
- **40%** of women homeless veterans have faced MST.^v Veterans with an MST history are **over twice as likely** to experience homelessness.

Sexual Harassment is Alarming High

- **6.3% active duty men** and **24.2% active duty women** were **sexually harassed** in FY 2018.
- **1 in 5 women** who experienced **sexual harassment** were also **sexually assaulted**.
- DoD concluded that **“sexual harassment is a leading factor affecting the unit climate on sexual assault.”**
- **The majority** of victims were harassed by someone in their chain of command.

Good Order and Discipline at Risk

- Service members who are sexually harassed are at **significantly greater risk** of sexual assault.
- **More than 1 in 4** survivors of either sexual assault or sexual harassment/discrimination took steps to leave the military as a result.

Definitions: Sexual assault in the survey corresponds to crimes defined by Uniform Code of Justice (UCMJ) Article 120 (rape & sexual assault) and Article 80 (attempts). Sexual harassment is defined in federal law and military regulations, and includes a pervasive and severe sexually hostile work environment that interferes with the ability to do one's job and/or sexual quid pro quo. Gender discrimination, also defined in law and regulations, refers to gender-based mistreatment that results in harm to one's career.
