PROTECT OUR DEFENDERS

Casework and Policy Intern

Deadline for submissions: **Friday, August 5th at 5:00 PM ET**

ABOUT PROTECT OUR DEFENDERS

Protect Our Defenders was founded to end the epidemic of rape and sexual assault in the U.S. military and combat the culture of pervasive misogyny, victim retaliation, sexual prejudice, and racism. We honor, support, and give voice to survivors of military violence – including service members, veterans, and civilians assaulted by members of the military.

We seek reform to ensure all service members are provided a safe and respectful work environment free from misogyny and racism, and have access to a fair, impartially administered system of justice. Our efforts are directly informed by our work with victims, survivors, and their families, as well as retired and active-duty military members.

Our work includes researching and exposing dysfunction in the military justice system related to sexual assault and harassment; amplifying survivors' voices within the policy debate; helping survivors access appropriate services, including pro bono legal help; and supporting policy initiatives that fundamentally reform how the Department of Defense deals with rape, sexual assault, and sexual harassment.

INTERNSHIP OVERVIEW

In 2018, Protect Our Defenders opened a Law Center through which interns will primarily support the Legal Services Program (LSP). Interns will provide legal casework assistance and referrals for survivors of military sexual assault and harassment who are facing challenges related to the assault, harassment, and/or retaliation for such. This will involve communicating directly with survivors, engaging in outreach efforts to other organization and agencies, and expanding the resources and information disseminated to those seeking assistance. Additionally, interns will provide support to ongoing advocacy campaigns and policy issues related to military sexual assault. They may also be tasked with data gathering, research projects, drafting Congressional letters, and updating the POD website and monitoring social media accounts.

Because we are a small organization, our interns work side-by-side with staff members and receive substantive experience on military sexual assault and harassment casework matters and policy efforts. We will work with you to ensure that this internship provides a meaningful professional experience.

We are seeking part-time interns to work approximately 15 hours per week (12 hours per week minimum). This is a paid internship. This internship will be conducted remotely, with flexible option to come into the Northern Virginia office pending CDC recommendations regarding COVID-19 safety protocols, in addition to an intern's accessibility. Proximity to Northern Virginia is not a requirement for this internship. Specific start and end dates for Fall 2022 are flexible.
